RENUMBERING OF BLR FORMS

COUNTY ENGINEERS/SUPERINTENDENT OF HIGHWAYS MUNICIPAL ENGINEERS/DIRECTORS OF PUBLIC WORKS CONSULTING ENGINEERS

#05-04

The Bureau of Local Roads & Streets (BLRS) has renumbered all BLR forms to correspond with the new manual and with the restructuring of the department into Regions. The BLR forms web page (www.dot.il.gov/blr/blrforms.html) contains the renumbered forms and now allows users to view forms directly on the web. A cross reference sheet is also included to assist with the conversion from old numbering to new numbering.

Any form previously signed by the District Engineer should now be signed by the Regional Engineer. Each form number uses BLR followed by 5 digits. BLR represents that the form is issued by the BLRS. The first 2 digits correspond to the BLRS Manual Chapter; the third digit corresponds to the chapter section; and the last 2 digits are sequential numbers for forms contained in the same chapter and section. As an example, BLR 05321 Truck Access Route Program (TARP) Agreement is detailed in Chapter 5, Section 3 of the new manual.

Please contact Kevin Burke at (217) 785-5048 or via e-mail at BurkeK@dot.il.gov with any questions about these forms.

Sincerely,

Charles J. Ingersoll, P. E.

Engineer of Local Roads and Streets

Charles J. L'ngersoll
